PAVING AND SCHOOL BONDS FOR BRYAN!

Bryan Country Club Fourth Of July Celebration Program

From ten a. m. to twelve p. m. on Tuesday July 4th there will be something doing every minute at the Country Club to provide entertainment and amusement to the crowds that will be present. Some of the program which has been definitely arranged and committees are summarized as follows: J. E. Covey, chairman of the committee of Barbecue has appointed the following members to serve with him: Milton B. Parker, C. S. Martin, C. M. Evans, W. W. Kraft, Roy Hudspeeth, J. H. Nash, C. G. Walker, C. A. Lewis and W. C. Boyett. Mr. Covey is arranging for all the necessary supplies and intends being in readiness to feed from one to five thousand people. A force of hands has begun work on the barbecue pits, arranging for fuel and several donations of animals have been reported to him. Anyone who is interested in this feature of the entertainment will please see Mr. Covey. The service of the barbecue will be such as will prevent delay, congestion of any unpleasantness. Everyone will be served promptly and will be assured a splendid barbecue dinner with all the trimmings. In order to have some idea of how many guests to prepare for tickets will be placed on sale in a few days for admission to the gate. A charge of 50 cents for adults and 25c for children will be made at the gate entitling all entrants to a free barbecue dinner and coffee, the balloon ascension and parachute drop; fireworks display; speaking-baseball game between Baptists and Methodists of Bryan; band concerts and participation in all other attractions to be offered during the entire day.

Mayor Tyler Haswell will issue a proclamation calling upon the people of Bryan to observe the Fourth as a holiday. The Retail Merchants Association of Bryan and the three banks of Bryan will observe the fourth as is customary by closing their places of business for the day. In this way everyone will have an opportunity of enjoying the day at the club. The entire citizenship of Brazos, Grimes, Robertson, Burleson, Leon, Milam, Madison and Washington counties are invited to be present and all of these communities will be circualized and full particulars published for their information.

Travis B. Bryan, chairman of the Publicity committee announces the following members on his committee: Lee J. Rountree, Bryan; W. R. Fairman, Bryan; S. M. Eberstadt, Bryan; J. Felton Lane, Hearne; Jno. Rutherford, Franklin; Lewis Adams, Calvert; Geo. J. Neu, Brenham; W. M. Rankin, Caldwell; Messrs. Lowe Bros., Navasota; Messrs. Knight and Bracwell, Madisonville; A. R. Crawford, Normangee; Jno. E. Cooke, Rockdale; Joe B. White, Cameron and W. M. Cobb, Cameron. Each of these men are requested to give such publicity as they may be able to the celebration and have been cordially invited to drive over for the day and bring as many of their fellow townsmen as they may be able to influence to come.

In the way of music the Bryan Junior Band has been engaged for the entire day. This is one of the most deserving enterprises in the

charge of the Methodist camp is not very communicative on the subject but is possessed of the idea that it will be a walk-over for the Methodists. Fuller particulars will be published from time to time. Positively no rawhiding of the umpire will be permitted. Sheriff Morehead has consented to act as marshal of the day and with his deputies intends to have order. As marshal of the day Sheriff Morehead has also kindly consented to direct the parking and driving of automobiles. The conduct of the baseball game will be under the direction of Mr. J. D. Martin, chairman, with Dr. Willis, Dr. Held, A. S. Ware, Oak McKenzie and others to be appointed later.

Secretary Sam E. Eberstadt has been appointed chairman of a committee to secure the balloon ascension and parachute leap and is working on same and expects to be able to announce in a few days the completion of his plans.

Mr. O. E. Saunders, chairman of the Fireworks Display has appointed the following members of his committee: Fred L. Cavitt, E. M. Dodson, M. P. Holleman, Jr., Henry Locke, P. C. Oliver, W. B. Saunders, J. R. Sims, Henry Rhode and Willis Gelber. The large assortment of fireworks necessary for this occasion has been ordered and plans are being worked out to have this display so that it may be viewed over the waters of the lake making it very much more beautiful. This event will take place about 8:00 p. m.

Dr. J. O. Morgan, chairman of a committee, will have charge of the program and announce the events. Mr. E. B. LaRoche and Prof. R. O. Allen have been appointed as members of his committee and doubtless others will be added from time to time, and announced later.

Mr. Chas. A. Felker as chairman of Decoration and Grounds committee will announce the appointment of committees on cold drink stands, ice cream stands, peanut, pop corn and novelties, swimming, club house, speakers that will deliver the addresses, lighting of grounds and other committees. Mr. Felker has been working on these committees for several days. In addition to the invitation extended to the candidates for senator and those for the governor's office he has written Col. Clarence Cusley that in the event Col. Cusley could not be with us on July 4th to use his influence in having Mr. Joseph Weldon Bailey deliver an address in his behalf. Definite announcement of the speakers will be made later.

The swimming pool will be open during the entire day and till midnight. If during the day or in the evening a swim would be enjoyable bring your bathing suit with you. Dancing from 8 p. m. to 12 p. m. Orchestra and refreshments.

Mr. Wilson Bradley will have charge as chairman of the Finance

The Bryan and Brazos County Chamber of Commerce held the regular weekly meeting Tuesday morning and endorsed the proposition to issue \$42,000 bonds for the town of Bryan for the purpose of spending \$32,000 on the part of the City and \$10,000 to improve the old High School building on the East side to be voted on July 11. The question was discussed by Chairman Oak McKenzie of the City Development committee; Major L. L. McInnis, City Manager E. E. McAdams, Mayor Tyler Haswell, A. M. Waldrop, President W. H. Cole and others. Major McInnis stated that the proposed new bond issue would not increase the tax rate for Bryan but that it would remain the same as now, about \$37,000 worth of bonded indebtedness had been paid off. Major McInnis stated further that architects had said to spend \$10,000 on the old school building would make it a \$40,000 or \$50,000 asset but otherwise it would deteriorate and become a loss. It further developed that the recent \$25,000 school bond issue would be needed for West Side School and there would be no money for the East Side school improvement.

Good Attendance at Meeting.

President W. H. Cole was presiding Tuesday morning and Secretary Eberstadt was at the desk. The following members were present: Prof. R. O. Allen, W. S. Barron, Wilson Bradley, Travis B. Bryan, W. H. Cole, J. N. Dulaney, E. J. Fountain, J. M. Gordon, Mayor Tyler Haswell, M. L. Parker, J. D. Martin, Oak McKenzie, City Manager E. E. McAdams, Major L. L. McInnis, Lee J. Rountree, A. M. Waldrop, R. S. Webb and D. L. Wilson. Visitors: Roy Hudspeeth; members of the highway committee: C. C. Morgan and C. L. Enders of the Agricultural committee; Rev. S. Moylan Bird, entertainment committee; E. J. Jenkins, member of City Commission County Agent C. L. Beason C. E. Henry, Navasota.

President Cole read a telegram from the Hillsboro Chamber of Commerce asking that Secretary S. E. Eberstadt be granted leave to go to Hillsboro next Friday night and explain the plan of the Bryan Building and Loan Association.

President Cole called on Mr. C. E. Henry of Navasota a former citizen of Bryan to make a few remarks. Mr. Cole by way introduction stated that Mr. Henry had attended the meeting with his old friend King Fisher (referring to Mr. A. M. Waldrop). Mr. Henry made a good talk on Bryan and stated that he always read in the newspapers of the many good things about Bryan and never saw anything that was a detriment to the town. Travis B. Bryan made a statement regarding the proposed Fourth of July Celebration at the Bryan Country Club and asked that Secretary Eberstadt be granted leave to aid in the work of preparation which was granted.

President Cole was authorized to appoint a special committee of five citizens to attend the meeting of the City Commission on Wednesday evening to take up the question of the Interurban situation. Mr. Cole to be chairman of the committee and appointed the following citizens: E. H. Astin, Lee J. Rountree, Jno. M. Lawrence, J. E. Covey and R. S. Webb. Rev. S. Moylan Bird made a statement regarding the entertainment program for Hoods' Brigade on June 27 and 28. Mr. R. S. Webb discussed the trade development of the Bryan territory and Mr. A. M. Waldrop called attention to the Southern Pacific Prosperity Special from Philadelphia to Los Angeles which would reach Bryan at 7:55 Wednesday morning and urged all to see it. The meeting was a good one from beginning to end.

Miss Christine Lawrence, a niece of Mrs. R. W. Persons of this city has been elected as teacher in the Bryan High School. Miss Lawrence comes with the highest recommendations. A graduate at Berkeley, California, in June 1921, Miss Lawrence taught during the past year at Basin, Wyoming and is at present spending her vacation in Yellow Stone National Park.

MR. AND MRS. PIERCE IN HOME. Mr. and Mrs. S. D. Pierce have moved into their newly completed, five-room cottage home on the corner of West Bryan and 30th Streets. This is one of the attractive new homes recently built in Bryan which has added so much to the appearance of the town.

Committee and is working on his appointments which will be announced in the next few days. Words of encouragement are being offered on all sides and the general opinion seems to prevail that some form of entertainment for the people of Bryan and College is needed. July 4th is a day on which the people of Bryan during the last few years have found rather dull due to the scarcity of any means of diversion. Every one is cordially invited to come out and spend a pleasant day. You will enjoy the day away from the cares of business and home and the pleasure of meeting your friends and acquaintances in celebrating one of the greatest holidays of our country.

At the home of Mr. and Mrs. C. G. Walker Wednesday morning at 10 o'clock, Rev. Bruno Martinielli, Italian Methodist missionary pastor of Brazos county, and Miss Alice Juraska were united in marriage. Rev. H. C. Willis, pastor of the First Methodist church, officiating. Only relatives and a few friends were present. Immediately after the ceremony Rev. and Mrs. Martinielli left for Kurten to visit Mr. and Mrs. Frank Valenta for a few days after which they will be at home in Bryan to their friends. The bride wore a gown of gray canton crepe with all accessories in gray. The Eagle joins with other friends in extending good wishes and congratulations for happiness and prosperity.

Mrs. and Mrs. R. W. Persons and children will leave Bryan in their car early Thursday morning for Center and other points in East Texas. Mr. Persons is on his vacation and Mrs. Persons and the children will accompany him. They will be the guests of Mrs. Persons' mother, Mrs. John Sanders. They expect to be absent from Bryan for several weeks.

Candidate cards printed on short order at the Eagle Office.

COTTON MARKET

Cotton futures dropped 10 points up to closing. Local spots were quoted in Bryan at 20 3-4 cents, middling basis.

BRYAN ENDEAVORERS TO STATE CONVENTION

Mrs. O. L. Wilkins and Miss Bonnie Wilkins of Houston are guests of Mr. and Mrs. T. A. Cloud and Miss Gustine Walker and Miss Nellie Shaffer of Houston are guests of Mrs. E. H. Astin. This party compose the "sterling committee" from Houston Christian Endeavorers to meet the special train which passes through Bryan over the H. and T. C. railway at 1 o'clock today bearing the delegates to the 33rd annual state convention which convenes in Houston tonight and extends through Sunday. This committee will assign homes and give other necessary information. Those going from the Bryan churches are: Miss Annie Lee Baker, First Christian church; Dr. and Mrs. W. N. Sholl and William, Louise and Edwin Sholl, Miss Ellen Stuart, W. C. Stuart, Mr. and Mrs. F. D. Fuller and son, Nelson Fuller, Miss Daisy Brogdon, Presbyterian church; Mr. and Mrs. T. A. Cloud, Miss Lena Wooten, Rev. C. B. Thompson, Mr. and Mrs. George Smith and daughters, Misses Joyce and Ruth, Rev. J. J. Tatum, Miss Minnie Price, Miss Inaree Wheeler, Miss Vera Ramsey, Johnnie Ramsey, Raymond Wheeler, Chas. Wheeler and Wheeler.

BRYAN CITIZENS ARE TO SPEAK AT CAMERON

Secretary A. D. Jackson of the Brazos River Reclamation Association returned Tuesday from a trip to Hempstead, Breham, Cameron, Martin and Waco. Mr. Jackson stated that the people were anxious for the work of the Reclamation Association to go on. A meeting will be held at Cameron on Friday night under the direction of Hon. F. S. Henderson, and Secretary Jackson and Representative Lee J. Rountree have been invited to address the meeting along with members of the Texas Reclamation Department and Board of Water Engineers.

MRS. SIMS HONOR GUEST

Mrs. M. W. Sims who is to leave Bryan in a few days for Chautauqua, New York, was the honor guest today at a delightful spend-the-day party at the home of Mrs. Tyler Haswell. The other invited guests were Mrs. R. S. Webb, Mrs. J. T. Hanway, Mrs. J. A. McQueen and Mrs. Albert Buchanan.

OAK, JR., RETURNS HOME

Hon. Oak McKenzie and children, Mildred and Kirby went to Houston this afternoon to meet Mrs. McKenzie, who is returning from Galveston with Oak, Jr., who has been in John Sealy Hospital following an operation. It is thought that the operation on Oak Jr.'s arm which was injured in an automobile wreck at Hearne in February is a success. Anxious and interested friends are hoping so.

CARGILL-SCHULTZ WEDDING

Thursday evening at 8:30 o'clock in the pastors study of the Free Baptist church, Miss Johnnie Schultze, daughter of Mr. and Mrs. A. W. Schultze of Harvey and Mr. Lorin Cargill of Bryan, son of Mr. and Mrs. F. B. Cargill, formerly of Bryan but now of Benchley were quietly married. Rev. C. B. Thompson officiating. Mr. and Mrs. Cargill will make their home in Bryan with the groom's sister, Mr. and Mrs. Ben Holder in the eastern part of the city. Friends are today extending good wishes and congratulations most cordial and true though the marriage came as a surprise to many of the friends of the young couple.

MARTINELLI-JURASKA WED.

At the home of Mr. and Mrs. C. G. Walker Wednesday morning at 10 o'clock, Rev. Bruno Martinielli, Italian Methodist missionary pastor of Brazos county, and Miss Alice Juraska were united in marriage. Rev. H. C. Willis, pastor of the First Methodist church, officiating. Only relatives and a few friends were present. Immediately after the ceremony Rev. and Mrs. Martinielli left for Kurten to visit Mr. and Mrs. Frank Valenta for a few days after which they will be at home in Bryan to their friends. The bride wore a gown of gray canton crepe with all accessories in gray. The Eagle joins with other friends in extending good wishes and congratulations for happiness and prosperity.

Mrs. and Mrs. R. W. Persons and children will leave Bryan in their car early Thursday morning for Center and other points in East Texas. Mr. Persons is on his vacation and Mrs. Persons and the children will accompany him. They will be the guests of Mrs. Persons' mother, Mrs. John Sanders. They expect to be absent from Bryan for several weeks.

Candidate cards printed on short order at the Eagle Office.

COTTON MARKET

Cotton futures dropped 10 points up to closing. Local spots were quoted in Bryan at 20 3-4 cents, middling basis.

MANAGER SULLIVAN WON HOLE-IN-ONE GOLF VICTORY

Entitled To Membership In World Wide Organization and Many Golf Balls For His Scientific Stroke at the Bryan Country Club Golf Course.

Manager James Sullivan, of the Department of Athletics at A. and M. College has won his way to membership in the "Hole-In-One Golf Club of the World." At the Bryan Country Club Golf Course on Monday, Mr. Sullivan made the lucky stroke. In speaking of the victory Travis B. Bryan says: "The Budke Golf Club Company, manufacturers of golfers supplies, some years ago initiated the "Hole-In-One" club membership in which is reserved to such players in North America as have at any time made a hole playing golf in one stroke. In holding out in one stroke under two hundred yards you are clearly entitled to membership and receive a dozen balls from the Burke Golf Company. Holding out in one over 200 yards makes you a director of the Hole-in-one club and the prize is three or four dozen balls or six dozen I think it is."

LETTER OF NOTIFICATION TO MR. SHERWOOD.

"Mr. W. C. Sherwood, Sales Manager, Burke Golf Company, Care 'Burke Hole-In-One Club', Newark, Ohio. Dear Sir.—Referring to page 25 of your catalogue and to the 'Burke Hole-In-One Club' we beg to enclose score card of one of our members Mr. James Sullivan, Business Manager of the Athletic Department of A. and M. College of Texas, showing that he has made the sixth hole of 177 yards of the Bryan Country club course in one stroke and as having made this record is entitled to membership in the 'Burke Hole-In-One Club' and to the prize of a dozen Burke 30 golf balls. The card attached is certified to by his playing partner and two opponents, all members of the Bryan Country Club. Dr. J. O. Morgan, L. O. Wilkerson and Maxey W. Wickes. The score is also certified to by Mr. Roy Kober, professional of the club. Since golf has been played in Bryan this is the first time that anyone has holed out in one stroke. Mr. Sullivan used a mid iron and made a perfectly straight shot for the green and holed out from the tee. If you have anything in the nature of a certificate showing this Hole-In-One Club membership we would appreciate your sending same together with the balls to be presented to Mr. Sullivan. Yours very truly, THE BRYAN COUNTRY CLUB, by Travis B. Bryan, treasurer."

MRS. HOPPESS HAS AN X-RAY EXAMINATION

The report from the bedside of Mrs. W. F. Hoppess who was so seriously injured in an automobile accident on East 26th Street near the home of her mother Mrs. J. W. Coulter on Tuesday morning states that she is resting easy as could be expected under the circumstances but is considered in very serious condition. A later examination proved that Mrs. Hoppess' left arm is broken above and below the elbow and the right arm is also broken in one place. Her right hip is badly lacerated and it is feared that the main bone is fractured. Mrs. Hoppess was taken to the Bryan Hospital this morning for X-Ray examination to determine the extent of the internal injuries caused when the big rear wheels of the car ran over her body. All that medical skill and nursing can do is being done and many anxious friends are hoping for the best. Mr. Hoppess arrived last night from Hillsboro to be with his wife having been called by special message as soon as the accident occurred.

Prof. J. L. Cobb and Miss Mary Locke of Tabor were in Bryan today and were business visitors at the Eagle.

PROSPERITY SPECIAL ARRIVED IN BRYAN

The Prosperity Special of the Southern Pacific lines including twenty new engines making the trip from Philadelphia to Los Angeles passed through Bryan Wednesday morning at 7:55 and quite a number of people gathered at the depot to witness the sight. The Special left on time for its destination south to Navasota and Houston.

BEAUTY SPOTS IN BRYAN

One of the beauty spots in Bryan just now is the gorgeous bank of flowers at the R. W. Howell home on East 29th Street. One can't look on this mass of blossom without having a thrill of delight and stirred with a gladness that they are living. On a back ground of honeysuckle greenery appears a hedge of scarlet red cannas lilies in clusters of luxuriant growth the stems of which rest in a bank of bright hued zenias in shades of yellows, reds, browns, pink and lavenders. The effect is charming and calls forth expressions of delight from every passer by.

NOTICE HOLIDAY
The business houses of Bryan will remain closed all day on July 4th.

MEMBER OF ASSOCIATED PRESS

Mrs. W. R. Fairman, Will Pointdexter and Miss Mattie Long will motor to Navasota Monday morning where they will attend an elaborate bridge party given by Mrs. Roy Long.

Hon. R. E. L. Knight of Dallas comes out strongly for Col. Clarence Ousley for United States senator. Bob Knight and Barry Miller both live in Dallas—Barry is for Charley Culberson and is on the stump. Will Bob take the stump and meet Barry? We shall see and if he does the hustings will ring with patriotic fervor and continued cheers.

In sworn statements Mr. and Mrs. Gifford Pinchot of Pennsylvania declare they spent \$129,000 to win the republican nomination for governor of Pennsylvania. Gifford is a food sport and has plenty of money. But few men are willing to spend \$129,000 to secure a \$10,000 per year office for two years. It might be placarded over Pennsylvania that no poor man need apply for office.

The Wilmington News says: "It requires sixty-five facial muscles to frown and only thirteen to smile; why work overtime." The finest physical exercise is said to be wood chopping and the cotton picking. And yet we are far more eager to join the rowing club and pistol shooting club. The latter things have a tendency to cause us to be talked about.

Monty, of Monty's Monthly, attended the Galveston bathing revue recently and said he felt so sorry for a blind man in the crowd of 150,000 persons gathered to see the bathing girls that he slipped the poor blind fellow a \$5.00 bill. Monty said he b came so liberal that he had to borrow money to get back to McAllen. Strange how easy Monty gets as he grows older.

Editor Chas. DeVall of the Mt. Vernon Herald-Optic says: "Editor Lee J. Rountree of the Bryan Eagle has decided not to run for Lieutenant Governor but is a candidate and will doubtless be elected to succeed himself in the legislature. With his experience and ability he can be of greater public service as a member of the House than as the presiding officer of the Senate."

Some men who wore no masks whipped a Shreveport, La., man and gave him \$10 to buy a ticket to Dallas—a very appropriate act was the latter. The man said the men told him he was an undesirable crook and they didn't want him in Jefferson as he would have to quit his nefarious practices and go to work. They said they had a way of helping crooks in Dallas.

Judge J. Felton Lane, of the Hearne Democrat; Louis F. Adams of the Calvert Tribune; John Rutherford of the Franklin Texan; W. W. Rankin, of the Caldwell Ledger; George J. Neu of the Brenham Banner-Press and other editors along the Brazos T. W. Terry of the Thorndale Champion; John E. Cooke, of Rockdale Reporter; W. M. Cobb, of the Cameron Enterprise and J. B. White of the Cameron Herald and other editors along the Brazos tributaries failed to attend the Reclamation meeting at Bryan last Tuesday. Gentlemen, you missed a gro: treat. What was the matter? That's the question.

The Eagle is of the opinion that the crowd of Dallasites men and women, fifty in number who arranged their headlights so they would gleam and flash on the two poor intoxicated bloodstained girls who fought desperately for the dastardly love of a degenerate man are of the lowest type known to civilization. What are some of our judges, newspapers and ministers doing? They are giving their energies on false lines and false theories. They are a poor puny set of degenerates themselves and are either ignorant or venal—either is bad and growing worse. These persons in high places who are making such things possible in an alleged civilized community will not be held guiltless in God's judgement. Their pretences are "sounding brass and tinkling symbol."

NEBRASKAN SPEAKS OF BRYAN CITIZEN

(W. O. W. Sovereign Visitor, Omaha, Nebraska.)

Sov. Lee J. Rountree of Brazos county, Texas, who in 1920 was drafted to serve in the Texas legislature and who was not a candidate for the office, is being urged to enter the race for lieutenant governor. Lee made a great fight for education in Texas, and his speech for the A. and M. College bill and other educational institutions was one of the best that was made on the subject. Texas education and the people owe much to him for the declarations that create as a whole for better things in Texas. It would be almost a calamity to lose his services at this time, and in the present crisis. Sov. Lee J. Rountree, editor of the Bryan Eagle and representative from Brazos county, is one of the live wires of Woodcraft. He has, in one way or another, done much for Texas and has been the recipient of few honors, because he has not asked anything, not being an office seeker. He is a gentleman of the old school, possessed of a high order of intelligence and has every qualification for a useful official. All over Texas people know Lee J. Rountree and will rally to his support.

A HONEY GROVE CITIZEN

The editor of the Eagle received a letter from our handsome and distinguished friend, Col. H. B. Ballew, of Honey Grove in which he says: "If you need me in your race for the legislature I will gladly come and make some speeches for you. I was in Sulphur Springs and made a speech at the First Baptist church to Rev. Bonnie Grimes' congregation and I missed you very much. I have often said that I would prefer you were a Baptist but of course I would rather be the Methodists would get you than the devil. My son-in-law, Fred H. Taylor formerly made his headquarters in Bryan and I have often wanted to come down there and eat a Methodist chicken." All right, Bro. Ballew, come down. You would fit nicely in Dr. Jno. A. Held's church as you fit in Bonnie Grimes' church. We shall never forget your war story of how you went to the War Red Cross meeting and expected to give \$5.00 and when the little, old woman who made her living by raising strawberries gave \$25.00 you raised yours to \$100.00. We have often said Bro. Ballew, that your face would never be your fortune but that your heart was big enough to take in the whole world. Years have not caused us to forget your great-hearted talks in the old Baptist church at Sulphur Springs. They are much needed by such men as Rev. Bonnie Grimes, Judge Jim Tucker, Senator Charlie James, Representative Clifton Beasley, Judge J. M. Melson, Judge Homer Pharr and the others. Then you might remember Mayor J. D. Moyer, editor of the Honey Grove Citizen in your prayers. In the meantime come to Bryan and see us and we will expect as great a speech from you as Rev. B. B. Crimm Dr. W. A. Hamlett and Dr. Jno. A. Held ever made in this historic old town. If we have no chicken, Bro. Ballew you can eat fish.

SOME WONDERFUL DOCTRINE

Sunshine Joe Webb of the Waco Waco News-Tribune says: "A prisoner convicted of being a vagrant tried to escape from a road gang, where he was working out a \$15 fine, in Houston. He was shot and was shot and perhaps fatally wounded. It was in Houston you'll recall, that a cop shot a small boy in the back and killed him when the lad ran as officers raided a nickel crap game. A fool cop and his gun ought to be separated." That's fine sentiment. Joe. We would have a glorious world if every crook, hijacker and professional vagrant was separated from his gun this would be a glorious old world. If every debauched, deposed and dastardly criminal including the murderer and ravisher of innocent girl children was separated from his beastly passion, lust, guns and brutal instruments of torture used to murder their helpless victims after their poor broken outraged bodies are bleeding in death we would then shout hallelujah. You have a wonderful doctrine Joe, but do not go far enough. You are weeping over the wrong fellows. Enforce the law, stop crime and mob law. These things come in order, but few can see the point.

BOSWELL-JOSEY WEDDING

(Hearne Democrat)

Miss Ruby Josey and Mr. Norman Boswell both of this city were united in marriage at 9:30 Saturday evening by Judge A. G. Cobb at his residence. Miss Myrtle Josey, sister of the bride, was present to witness the ceremony, immediately after which the young couple went by automobile to Bryan for a short stay. The bride who is a daughter of Mr. and Mrs. Lee Josey, is a beautiful young woman of quiet sweet disposition, and during her two years residence in Hearne has made many friends. The groom is a son of Mr. and Mrs. R. Boswell, prominent pioneer residents of Robertson county and most of his friends have known him from childhood. Mr. and Mrs. Boswell are receiving congratulation and good wishes at the home of groom's parents, where they will make their home temporarily.

A Hearne subscriber writes the Eagle: "I wish you would tell us how to get back to normalcy." Go to work. We will never get back to normalcy as long as every real working man is bearing a hijacker, crook and vagrant on his back. That is what the country is doing now. Go to work—every able-bodied person in the United States and normalcy will return overnight. Will you do it?

The Dallas-News says: "Chicago keeps trying to pose as a summer resort. Just now she's saying that she had to call the fire department because the mosquitoes got so bad." The next day after the "summer resort" plea came out three Chicago persons were killed by the heat and thousands came near dying. Baring the awful wind storms; the deadly cold waves, the highest rents on earth; the killing heat; the brutal organized murders by paid assassins; the many incendiary fires, the wholesale graft in the house building trades, the open violations of the laws and the overt acts of several thousand vags and hijackers Chicago is all o. k.

FEEDING FOR EGG PRODUCTION

(By F. W. Kazmeier)

Feeding poultry for egg-production is both a science and an art. Common sense must be used in addition to a balanced ration. All of these will, however, make hens lay unless they have been bred for that purpose. A hen bred to lay eighty eggs in a year, will not lay many more, regardless of how well fed or how favorable the environments may be. In this pamphlet we will confine ourselves to methods of feedings and care that will induce an extra egg-production, assuming that we have a flock that has been bred for egg-production and carefully culled, for the purpose of eliminating all weak, inferior and poor layers.

It is true that hens on an average are not laying half as many eggs as they should. Proper feeding would do much to bring about a change of this condition.

One hen fed a balanced ration, at an Experiment Station, laid 259 eggs in one year. Another hen in the same pen, with same environments, fed the same ration, laid only sixty eggs in one year. The former had inherited egg-laying qualities while the latter had not.

It is necessary to feed a balanced ration, because the egg is made up of different proportions. She cannot adjust the composition of the feed to the composition of the egg. If she is fed enough water and fat to make an egg, but not enough protein and mineral matter, all she can do is to wait until she gets the necessary protein and mineral matter. Sometimes she is forced to wait along time. Many a Texas hen is waiting for those two very things today. If your hens are not laying, possibly it is because they are waiting for something. A good poultry man is as careful to guard against hens standing idle for lack of material as a good superintendent of a factory running short of material, thus forcing an overhead labor expense.

In feeding for egg-production, always remember that it takes a fat hen to be a laying hen, and it means liberal feeding to have the fowls in good condition. A hen in poor condition cannot produce eggs. Some feeds are better adapted for egg-production. This is only another reason why profitable egg-production requires the feeding of a balanced ration. When feeding for egg-production, we generally consider a ration that has 4.6 times as much carbohydrate and fat as protein, a balanced ration.

We have found that, for one reason or another, a certain amount of animal protein is necessary in every good egg-laying ration. The same applies to mineral matter. This animal protein is found in milk, cottage cheese, beef scraps, green cut bone, meat, bugs and insects.

It has been fairly well established that the dry mash in non-wasting and non-clogging hoppers is the most satisfactory way of feeding the dry mash. It at least gives the fowls a small chance to balance their own ration, which is highly desirable. The dry mash mixture must be depended upon very largely to furnish the food constituents that go into the formation of an egg. For this reason this mixture should always be prepared with care. It should always be reasonably rich in protein. About twenty to twenty-five per cent of the dry mash mixture should consist of some high grade poultry beef scraps. There are, of course, some exceptions to this rule. When the dry mash contains a large percentage of such feeds as peanut meal or cottonseed meal, it may be necessary to reduce the beef scrap content from 15 to 20 per cent.

Green cut bone, when it can be fed, before becoming tainted, makes a desirable food for laying hens, but when it costs almost as much as beef scraps, it is too expensive, because it contains too much water. Three ounces per hen a week is about the proper amount.

Green food is another very important essential for laying hens. They should have all they will consume. In Texas, especially in the Southern part, it is possible to have a green pasture for the hens the year round. Keep before them all the time, in When it gets dry, we recommend irrigating a small patch to provide a green pasture. Aots make a desirable green food, where it will not winter kill. Rye is to be recommended for the colder sections of the State. Beets, turnips, all kinds of vegetables, silage, cabbage, clover, etc., all are desirable green feeds for fowls.

Oyster shell, grit and charcoal should always be kept before the fowls.

A dish of skim milk, and a dish full of water should always be available. Never make any sudden changes in the ration or method of feeding.

A good way of feeding hens for egg-production is something as follows:

Early in the morning give a very sparing feed of corn, wheat, kafir or milo, or some similar grain. A good dry mash hopper, the following mixture:

- 50 lbs. wheat bran.
- 50 lbs. wheat middling or shorts.
- 50 lbs. corn meal.
- 50 lbs. ground milo.
- 10 lbs. cottonseed meal.
- 10 lbs. peanut meal.
- 50 lbs. best grade poultry beef scrap 1 lb. salt.

About an hour and a half before sunset, give another feeding of grain in the litter. At this time give them all they will eat; in fact, just a little more. It is very important that the fowls go to roost with a full crop. All of the above should be supplemented with milk and water in separate dishes. Give them green food, grit and oyster shell.

Rev. J. J. Tatum has returned from Waco where he accompanied his daughter Mrs. Lee May home in his automobile.

C. H. B. Graham of Harvey was among the business farmers in town today trading with the local merchants.

How Ironized Yeast Fills Out Figure

And Puts New "Pep" and Energy in Thin, Nervous, Rundown Folks

Hundreds of thousands of people all over the country are now taking IRONIZED YEAST tablets for health with results which in many cases are actually astonishing. For thin folks to gain five pounds or more on the very first package is not unusual. Complaints of indigestion, flatulency, etc., are very often entirely cleared up within 10 to 14 days. As for increasing "pep" and energy, apparent "miracles" are reported by folks who were formerly run-down, weak, and lacking in physical and mental vigor.

FREE! Mail coupon below for Amazing Three Day Trial Treatment of IRONIZED YEAST. Watch the Results!

Requires that we get a proper amount of vitamins and iron into our systems. But these two essential elements are lacking in the modern diet. That is why so many of us are thin and run-down.

Yeast Best When Ironized

The thing to do is to supply this lack by taking with each meal two tiny IRONIZED YEAST tablets which contain in highly concentrated form, a specially cultured yeast grown under the strictest supervision for medicinal purposes—a yeast unequalled for its richness in the essential Water Soluble B vitamins. In addition, it contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health. These three vitamins bring excellent results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just half the usual time.

Watch The Results!

Note how IRONIZED YEAST immediately increases your appetite—how it enables you to get real joy out of every morsel of food you eat. See how quickly it drives away headaches, dizziness, etc., and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. Each IRONIZED YEAST tablet wrapped airtight in waxed sanitation seal, thus assuring 100% purity and strength. Special directions for children. Go to your druggist or mail coupon today—NOW!

WARNING!

Not all yeast will give the desired results. There are certain types of yeast which have absolutely no value medicinally. By insisting on the genuine IRONIZED YEAST, and refusing cheaper imitations or substitutes you can be sure that you are taking a vitamin and iron treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

Note—IRONIZED YEAST is sold at all Drug Stores on our guarantee of complete satisfaction from the first package or your money refunded.

JAMES DRUG STORE

Taps have sounded for Lillian Russell the famous beauty of her day. This call comes regularly to every living being—the great, powerful, rich and the poor. It is the inevitable fate and brings up the great and unyielding question of God's judgement and "Who shall be able then to stand?" Who!

"Texas Railroads Gain in Revenue" is a newspaper headline. If the railroads would put more pep in the business it would increase greatly. Too many men in the railroad business ever since the War went on the belief that the government should take care of everybody and many crew only their breath and their salaries. Railroads should go to work.

The Houston Chronicle says the reason Editor Tom Perkins does not go to the snow capped mountains is because everybody knows he cannot keep up the "slept under one blanket last night" as he will show around the edges. It is intimated that if Tom went to the Rockies he would look up like a covered wagon. Too bad, Tom, you are doomed to remain in hot Collin county.

A "mob" killed a girl at Jackson, Michigan, with an axe. It was a brutal show. The newspapers said the awful deed was done by "twenty-three men." A "mob" gathered about two poor, drunken girls at Dallas as they fought for a degenerate brute in the shape of a man and the newspapers called their gathering of "fifty men and women." Our newspapers, some of them at least are becoming regular molly coddles. A "mob" is a "mob" the world over.

"Cattle Thieves Menace the Cattle Ranches on the Pacific Coast," says the headline. It is stated that thieves will soon destroy much ranch property. When Lord Northcliffe, the great British publisher, came to the United States some hotel bootleggers saw he was easy and sold him some bootleg whiskey. Lord Northcliffe came out and said the prohibition laws ought to be repealed. This was based on law-violation. Back yonder in the 70's cattle thieves attempted to take Texas. Many of them were found shot and hanged and cattle stealing now is down at a low ebb. The Eagle doesn't advocate the "shoot to kill order" for flagrant and continued, systematic and organized law violations. But it doesn't advocate the repeal of the criminal laws because organized criminals openly violate the laws. Think it over.

A WONDERFUL COUNTRY The Eagle is in receipt of a copy of the Albuquerque (N. M.) Morning News from Cliff Harris, who is out there on business. On the margin Mr. Harris says: "This is a wonderful country." If Texas had spent as much on her roads, irrigation and control of flood waters as New Mexico has according to population and wealth, we too would have a wonderful country—the most wonderful on earth.

CANDIDATES UNOPPOSED. Franklin, Texas, June 9.—Luther A. Johnson of Corsicana is the only candidate for the democratic nomination for congress from this, the sixth congressional district, the time for filing applications having expired and his being the only applicant for a place on the primary ballot. Judge W. C. Davis of Bryan, judge of the eighty-fifth judicial district, composed of Robertson and Brazos counties, also will be unopposed for re-election.

STANFORD'S AT KERRVILLE. Bryan friends have cards of greetings from Mr. and Mrs. J. E. Stanford and family who are spending their vacation in West Texas. They are making the trip by auto and had reached Kerrville, their destination making stops at Austin, San Marcos and New Braunfels. They report a delightful trip and pleased with their surroundings.

Mr. John M. Lawrence is confined at home with slight indisposition.

BOND ISSUE FOR \$42,000 IS PROPOSED FOR BRYAN

Of This \$32,000 Will Be For Paving and \$10,000 For East Side School Improvement—Special Election Will Be Held On July 11 To Vote On The Proposition.

The Bryan city commission held the regular monthly session on Friday night and agreed to meet again on Tuesday night, June 13, to consider some important questions for the future of Bryan and College. Those present were: Mayor Tyler Haswell, presiding; Secretary Guy F. Bittle, City Manager E. E. McAdams, City Attorney J. H. Ransom; Commissioners L. L. McInnis, Wilson Bradley, E. J. Jenkins, H. A. Burger; City Marshal W. S. Martin, Sheriff L. E. Morehead, Prof. W. L. Powers and several visitors. After general routine business it was agreed to submit to the voters of Bryan on July 11, 1922 a bond issue for \$42,000; the limit under 1922 tax valuations, approximately \$32,000; to be used for paving new streets and \$10,000 for the repairing of the old East Side school building as it required practically all of the recent \$25,000 bond issue on the West Side school. The proper notice of election will be issued by the commission.

TWELVE TIMES A.&M. HAS BEEN RANKED AS A DISTINGUISHED COLLEGE

(Special to the Eagle).

College Station, Texas, June 13.—For the twelfth consecutive year the A. & M. College of Texas has been designated as a "distinguished College" by the War Department of the U. S. A. A telegram was received by President W. B. Bizzell yesterday from the secretary of war notifying him that the College had been designated for the twelfth time for this rank in the department classification of educational-military colleges. The rank was given following a recent inspection made by a board of officers sent here from Washington, D. C. Since 1910 A. & M. has held this rank the war department rating efficiency of the military organization and training as equal to the best in the nation. The distinguished rank is the highest nomination given any school by the department; it being the classification of the best military schools in the United States. The holding of this rank gives the President of the College the authority to select nine graduates successfully completing the four year course in military science and tactics to be designated as "honorary graduates" and to receive commissions as second lieutenants in the regular army without further examination after the award of their diplomas by this institution.

RED CROSS QUARTERS HAVE BEEN CHANGED

The Brazos County Red Cross since adding to its other chapter activities an extensive health program under the direction of its Nursing Service committee with Miss Celia M. Cross as public health nurse, finds that it has outgrown its present office room in the rear of the First National Bank building. To facilitate the work and give space for the ever increasing demands upon it, the Red Cross offices are being moved this week to the second floor over the Wallace Printing Company, in the Wagner building where three connecting rooms will in the future be the home of the Red Cross. One room will be used as a reception and awaiting room one the office of Mrs. A. J. Buchanan, the chapter secretary, and the large room will be equipped as a health center for the use of the public health nurse.

The nursing committee has charge of the health center room and will make it a modern and complete apartment for the proper housing of the very important health work being conducted by the nurse. Mrs. J. L. Brock has been made the chairman of the health center, and she with her committee will be glad of any assistance given in the furnishing of the room. The following list of necessary articles is given here so that any one who cares to donate may do so: 2 table, 2 chairs, a chest of drawers for record cards, 2 folding screen, 14x20x24 square and smaller rugs, articles for the loan closet such as sheets, pillow cases, towels, pillows etc. Any donations will be gladly received by the committee and should be telephoned in to No. 606 or to Mrs. Brock at her residence.

The equipping of the health center and the furnishing of the offices will be completed this week and on Friday, June 23rd from 4 to 6 p. m., the chapter nursing committee will keep open house and everybody in Bryan and the surrounding communities is cordially invited to attend. The rooms will be decorated for the occasion, refreshments will be served and everything done to make the occasion one of pleasure to all. This affair will be given to the public by the members of the nursing committee, who will bear all expense and sponsor the formal opening of the Brazos County Health Center.

A health conference will be held in the new health center on Wednesday, Thursday and Friday, July 5th, 6th and 7th which will mean much to the children and the mothers of Brazos county. This health conference will be conducted under the supervision of Miss Cross, assisted by local physicians and specialists. Further notice of the Health Conference will be given at a later date.

GOV. NEFF TO REV. CALMES

Rev. C. N. Calmes, pastor of the Christian church is in receipt of a letter from Governor Pat M. Neff, in which the Governor says: "I read in the Bryan Eagle of last Monday that you have preached a splendid sermon on law enforcement and I want to commend you for this and express to you my sincere appreciation in the important matter."

Eagle advertising pays.

KAZMEIER ADDRESSES BRYAN POULTRY MEN

The Brazos County Poultry Association met in regular session Monday night, June 12th, in the Chamber of Commerce rooms with President J. F. Oates in the chair and Secretary W. O. Sanders at the desk. The principal address was delivered by F. W. Kazmeier on the single comb White Leghorn, his address was illustrated by the use of a very fine live bird of this strain. He was followed by talks along the same line from Prof. T. J. Conway, Ross M. Sherwood and C. E. Bobo.

It was decided that at the next regular meeting Monday night, July 3, Barred Rocks would be the theme for discussion; it was also agreed that the association as a body would meet with the Tabor club on July 7th at which time the Bryan Rotary club will furnish several interesting numbers. The annual show dates were changed to Dec. 6, 7 and 8, 1922 on account of the previously arranged dates conflicting with these meetings. These meetings are developing wide-spread interest among local fanciers and are proving quite helpful and it is earnestly desired that all concerned avail themselves of the opportunity to become regular attendants. Those present were: G. R. Warren, T. J. Conway, J. H. Conway, S. J. Blackbert, F. W. Kazmeier, V. J. Boriskie, J. Horace Kraft, E. R. Alexander, C. L. Williams, A. L. Rosprim, J. E. Pate, R. M. Sherwood, Will M. Jones, Elmer Bullock, C. E. Jenkins, Jas. H. Chastain, W. L. Hillin, I. J. Rosprim, Geo. A. Adams, N. A. Stuart, G. L. Beason, J. F. Oates, W. O. Sanders, C. E. Bobo, J. N. Dulney and Mrs. J. N. Dulney.

EDGE FOURTH OF JULY CELEBRATION PICNIC

The annual 4th of July or Cedar Creek picnic of Edge will be moved about a quarter of a mile southwest from the old ground on account of the floods that have ruined the old ground. But it will still go by its old name. Everybody is invited to come and bring well filled baskets. The committee will see that there is plenty of free ice water and a good baseball game will be arranged for the afternoon. As this is election year there will be plenty of speaking by the candidates.

PERSONAL MENTION

(From Thursday's Daily)
Ross Fridy has returned from the Southwestern Methodist University at Dallas where he has been a student for the past year and is enjoying a visit to his parents, Mr. and Mrs. Ben Fridy on East 27th Street. Ross will attend summer school at Southwestern University, Georgetown, and will leave Bryan for that place in a few days.

Mrs. D. L. Neely and her daughter Miss Bernice Neely of Uvalde, who have been the guests of Mr. and Mrs. E. W. Crenshaw for the past week departed yesterday for their home in their car. They were accompanied on their home trip by M. J. Neely who has been a student at A. & M. College and a graduate of the 1922 class.

Jack Howell, returned today from Austin where he has been a student in the State University, and will spend the vacation days with his parents Mr. and Mrs. J. Webb Howell on College Avenue.

Walter Ehlers came in from the road Friday night for a visit with his wife and baby at the home of Mr. and Mrs. E. C. Elliott. He departed this afternoon to resume his work going from Bryan to La Grange.

Mrs. P. S. Venterolo, Misses Frances and Mary Venterolo and Antonio Venterolo of Snetana were here today.

Mr. and Mrs. Geo. Stephan returned yesterday in their car from a pleasant week's visit in Houston.

Mr. and Mrs. L. M. Cook have received a letter from their daughter, Miss Ina, advising them of her arrival in Los Angeles, Calif., where she will take special work in the State University this summer. Miss Cook has just completed a very successful year at Orange as head of the department of home economics in the public schools of that city.

Charles Harold Stasny, nine-month old baby boy of Mr. and Mrs. John J. Stasny was quite seriously ill for a short time today following the eating of a moth ball he found while playing on the floor. The little fellow is all right again now.

Group No. 4 of the Woman's Missionary Society of the Methodist church will meet Monday afternoon with Mrs. B. T. Poole on Ursuline Avenue.

F. M. Wilson and son Roger Waldrop Crawford and Tom Drew of Normangee were among the business visitors in Bryan today.

Miss Rosa Kopecky has returned from Waco after visiting relatives and friends at that place.

Mrs. Glenn Soles and daughter, Miss Addie Soles of Uvalde have returned to their home after a pleasant visit in the home of Mr. and Mrs. C. S. Jones.

Mrs. M. H. Schluter of Rusk arrived yesterday for a visit in Bryan and is the guest of her parents Mr. and Mrs. M. H. James on Ursuline Avenue.

J. H. McCulloch of Harvey was trading with Bryan merchants today.

Prof. D. C. Cox of Macy was in town today. Prof. Cox has just returned from Big Springs where he taught last session in the public schools.

Mr. and Mrs. Ralph Dunn and children, Billy and Eula Frances and their guests, Dr. and Mrs. W. A. Parker of Dallas departed this morning in cars for Kerrville and other points in West Texas where they will enjoy a vacation.

Mrs. A. G. Lykes and Mrs. Annie Milroy of Navasota returned home today after a pleasant visit to Mrs. Forest Jones.

M. Nagle of El Paso was a guest of Mr. and Mrs. A. M. Waldrop of Bryan and his brother, Dean J. C. Nagle of College Sunday. Mr. Nagle formerly lived in Bryan and has many friends here.

E. W. Crenshaw is confined at home by illness but is reported as some better today.

E. R. Emmel has returned from an extended business trip to Galveston and Houston.

Mr. and Mrs. Taylor White of Sealy arrived in Bryan Saturday. Mr. White will attend A. & M. summer school.

J. V. Singleton of Jewett and J. E. Gunn of Mart are here to enter A. & M. summer school.

Amon C. Williams a prominent farmer of the Coleview community was among the business visitors in the city today.

(From Friday's Daily)

Mrs. M. Brown of Houston who has been visiting her daughter Mrs. Egbert Jones and family for several weeks returned to Houston today accompanied by her grand daughter, Miss Mary Jones, who will be her guest for several weeks.

Mrs. R. W. Howell is reported as convalescing rapidly which is good news to the many friends.

George Collins arrived from Kansas City and will make his home in Bryan. He is here on a visit to Mr. and Mrs. Jno. M. Caldwell.

Mrs. W. S. Cochran of Houston who came up to Bryan to witness the graduation of her son, B. Cochran at A. & M. College, returned to Houston today. Mrs. Cochran was the guest of Mrs. Egbert Jones while in the city.

Mrs. Ray Wright and little daughter Sue, went to Waco today for a visit with relatives and friends.

W. S. Barron accompanied by his little son, John M. Barron went to Houston today on a short business trip.

Miss Marguerite Nobles has returned to her home in Minola, Texas, after a delightful visit in Bryan as the guest of Miss Texas Orms.

Mrs. Glenn Flinn of Houston who has been in Bryan for several weeks at the bedside of her sister, Mrs. R. W. Howell who has been quite ill, went to Georgetown today to attend commencement exercises at Southwestern University. Mrs. Flinn will return to Bryan for another short visit before going to her home in Houston.

Mr. and Mrs. Columbus C. Foster have returned the Patterson home place on West 25th Street and expect to occupy same about July 1st.

J. E. Bullock was in the city on business today from his farm home in the Steep Hollow neighborhood.

Mrs. John K. Parker has returned from a visit to her sister Mrs. Frank Womack of Houston. Her visit at this time was to be with her nephew, Morris Womack, who sails June 15th from New York for a summer in Europe.

Dollins Gandy of Wellborn was brought to the Bryan Hospital Tuesday afternoon for an operation for acute appendicitis. The operation was performed and was most successful and the patient is resting easy today.

Mr. F. L. Brock and son, Sutton Brock, of Angleton after enjoying commencement as the guests of Mr. and Mrs. Guy Adrians, departed Wednesday for their home accompanied by his daughter, Mrs. Adrians who will visit with home folks.

Miss Irene Judd of Ft. Worth was a guest this past week of Miss Maud Stevenson and witnessed the graduation of her brother, Mr. Frank Judd at A. & M. College on Tuesday morning.

Mr. and Mrs. William Smith Howell, Jr., who have been the guests of Mr. and Mrs. W. S. Howell, have gone to Mrs. Howell's old home in Denver, Colorado. They hope to return to Bryan for another short visit soon.

Mr. and Mrs. T. R. Batte, Miss Nellie Batte and Mr. and Mrs. W. T. Bryant and little son, left early this morning in their car for a visit with relatives in Houston. They will spend the week-end.

Mrs. Ray Wright and little daughter, Sue, left Monday for several weeks' visit to relatives and friends in Waco.

The many friends of Mrs. O. J. Parks will be glad to learn that she has sufficiently recovered from a recent operation for appendicitis which she underwent at the Bryan Hospital to be removed to her home and is retaining her health and strength.

Miss Helen Kerr Parks daughter of Mr. and Mrs. E. F. Parks has gone to Denton where she will enter the College of Industrial Arts for the summer term. Miss Parks was a member of the 1922 graduating class at Bryan High School.

Lieutenant and Mrs. H. F. Seagriff left this week for San Antonio and Austin. Lieut. Seagriff reported for duty at the R. O. T. C. camp at Fort Sam Houston, and Mrs. Seagriff went to Austin for a visit of several weeks with her parents.

Albert J. McCallum of the Tabor community was among the visitors in Bryan today.

Mrs. E. V. Boxley was in Bryan today from her farm home in the Rosprim community.

Miss Edna Easters went to Crosby today for a week-end visit with relatives and friends.

Tom B. Martin of the Steep Hollow community was among the business farmers trading with the Bryan merchants today.

Mr. and Mrs. W. Hamp Buchanan of Kurten were among the shoppers in Bryan today.

Mr. and Mrs. George Foster returned to their plantation home in the Brazos bottom this morning after a visit in the city.

Mr. and Mrs. A. W. Buchanan have received a telegram from their son, Roy Buchanan of Pendleton, Oregon, stating that he and Mrs. Buchanan and little son will leave Pendleton today and expect to arrive in Bryan on next Tuesday, June 20th for a visit.

Roy Buchanan was born and reared in Bryan and has a host of friends who will welcome him and Mrs. Buchanan home again.

Mrs. G. C. White and son, Grover Jr., are here on a visit to Mrs. R. J. Roberts. Mrs. White is delighted with her new home and says she never met more cordial people than the Cameron citizenship.

Mr. and Mrs. R. M. Coleman of Corpus Christi are here and have apartments with Mrs. L. H. Tucker. Mr. Coleman is taking cotton classing at A. & M.

Mrs. J. C. Patterson is in Thorn-dale on a visit to her mother, Mrs. R. H. Brown.

Mrs. S. A. Cottle of Cameron is here on a visit to Miss Corrie Suber. Lieut. and Mrs. Wakeman who have made their home at the residence of Mr. and Mrs. W. D. Lawrence for the past year while Lieut. Wakeman was doing special work at A. & M. College departed today for Boston, Mass., where he will be stationed in service of the U. S. Army.

Mrs. Wallace Peverly and children have returned from a month's visit with Mrs. Peverly's parents at Sulphur Springs.

Miss Roland Hood expects to leave Bryan Thursday to spend her vacation with relatives and friends at her old home in Alabama.

Mr. and Mrs. Zann Brewer of Hull-bard, Ohio passed through Bryan today on their way to Galveston to visit with Mrs. Brewer's mother. They were met at the station by Mrs. Leila Brewer and Mrs. Glenn Flynn of Houston, mother and sister of Mr. Brewer who are visiting in the R. W. Howell home.

Sheriff W. D. Thompson of Franklin was in town Tuesday. Sheriff Thompson had been to Alexander to see his mother, Mrs. Clayton, who is seriously ill.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. 'I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person.'"

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui, since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere.

MISS CHRISTIAN HAS PASSED INTO REST

Miss Frances Christian one of Bryan's most beloved and honored women passed away on Sunday afternoon June 11th, peacefully and quietly as a child falling asleep. For the past fourteen years Miss Christian has made her home in Bryan with the family of Major and Mrs. L. L. McInnis. Mrs. McInnis being her niece, and it was there, surrounded by her loved ones that death came and took her away. Bryan has known few women whose life and influence radiated the Christian spirit that filled her soul as did the life of Miss Frances Christian. A devout member of the Presbyterian church since childhood, she has been closely associated with church work all her life, and the teachings of her Lord were her guide in all things. She was a teacher in the Sunday school for many years and only gave up her class when unable to attend regularly on account of illness. An invalid for more than twenty years she was nevertheless, patient, despite her affliction which made her impression for good upon all who came in its influence. As a flower she gave forth daily a fragrance to sweeten the lives, and cheer the hearts of her associates and her passing, while it bereaves the family and friends will not lessen the beautiful influence of her life, for it will live on forever.

Miss Christian was born in the state of Alabama in 1846 and in early life went with her parents to live in Mississippi. As stated above she, with her sister, Mrs. M. D. Graham, came to Texas more than fourteen years ago to make their home with Major and Mrs. McInnis and those years the closing one of her life were filled with every comfort, every attention and every joy that loving hand and willing hearts could bestow. The funeral was conducted from the McInnis home Monday morning at 10 o'clock, her pastor, Rev. W. N. Sholl, conducting the service. Interment was made at the City Cemetery, the following friends acting as pallbearers: C. G. Wetters, D. L. Weddington, R. L. Brogden, E. H. Astin, F. L. Cavitt and Travis B. Bryan.

MILICAN NEWS LETTER

(Special to the Eagle)

Millican, Texas, June 12.—County Agent C. L. Beason and Home Demonstration Agent Miss Laura Bell Roten of Bryan met with the Millican Boys' and Girls' Agricultural Club at its regular meeting Friday evening. After carrying out a program, the County Agent and Home Demonstration Agent addressed the club. Punch and cake were served which were enjoyed by all present.

The new lights purchased by the Millican club have arrived which consists of two Coleman Arc Lanterns. They will be installed for the next community meeting on June 19th.

Millican has organized a baseball team with Leo Poole, as manager, and Carroll Jameson as captain. The team journeyed to Wellborn Saturday and played the fast Wellborn team, being defeated in their initial game. Saturday the 17th, Wellborn will play the Millican team at Millican.

Mrs. A. P. Deering and children have gone on a visit to her parents, Mr. and Mrs. H. G. Schultz, of Port O'Connor, Texas.

Mr. Arthur Edwards and family of Coleman are visiting his parents at Millican.

Presiding Elder, Rev. U. C. McCarthy, delivered a sermon on the "Unsearchable Riches" of Christ Sunday after which the quarterly conference was held.

An ice cream social for the benefit of the church and a pie supper for the benefit of the Millican baseball team will be held at the lawn of the Baptist church Friday night, June 16th. Fifteen gallons of cream and pies galore will be served. This affair is being widely advertised and the people of this and surrounding neighborhoods are expected to be present in large numbers. It has been stated that the candidates of the county will turn out to a man so that a great feast and bursts of oratory are expected.

MRS. BARRY TO MONTANA

Mrs. Maggie W. Barry, chairman of the division of home economics, General Federation of Women's Clubs has gone to Bozeman, Montana, to attend the State Federation of Women's Club of the state. From there she will go to Chautauqua, N. Y., to attend the biennial of the general federation, June 19 to 30. While there she will make a report of the work done by the home economics division of which she is chairman. She will also deliver several addresses to the Chautauqua women's clubs. Mrs. Barry is connected with the extension service of A. & M. College.

LAND FOR YOU

And a way for you to buy it. We can furnish black, black loam or sandy soils. Land with plenty of rainfall, moderate rainfall, or irrigate. Land that is level, rolling or hilly. Land that is suitable for almost any crop, fruit, vegetable or livestock. Terms easy for real farmers. Some raw lands without cash payments to those who will improve them and long easy terms of payment. Write for our new booklet, H. M. MADISON, Gen. F. & I. Agt. S. A. & P. Railway San Antonio, Texas. Write GEO. F. LUPTON, G. P. A., about your summer excursion.

MRS. SIECKE RETURNS HOME.

Mrs. E. O. Siecke of College Station returned home this afternoon from Nebraska, where she has been since last Christmas under treatment of physicians for car trouble. It is thought Mrs. Siecke is much improved. This will be good news to the many anxious friends.

Frank J. Blazek and Edward P. Phillip, two prominent citizens of Burleson county were here on business Saturday and also visited their sister Miss Ella Blazek.

Mr. Tillotson's Speech Before Brazos Reclamation Assn.

Below is a text of the remarks of Hon. Leonard Tillotson president of the First National Bank at Sealy, setting forth the work of the Brazos River Reclamation Association at the meeting held in Bryan on June 7: "The problem of flood control is in part the problem of the ages of civilized history; of man adapting himself to those forces of nature which he cannot control, and of bending other forces to the beneficent purposes of his will. Our problem today is in no small part that of developing the constructive ability to turn the resources of nature from destructive forces into agencies of tremendous good to the common welfare. In the richness in extent and variety of its natural advantages, Texas is peculiarly and abundantly blessed. The problem of flood control and reclamation illustrates, perhaps, more distinctively than would the consideration of any other issue, the great diversity of topographic, climatic and soil conditions of the State and the greatness and variety of the sources of wealth with which nature has endowed our people.

"The history of legislation in Texas to deal with flood control indicates the growth of interest in the subject and the changing views that study of the problem has brought. The first legislation was for authority to construct levees in small districts, limited to one county. This was the state of the public expression up to the disastrous overflow in all Texas streams in December 1913. That experience taught the lesson that waters unrestrained throughout the extent of the river water sheds would from time to time reach too great a volume to be controlled by levees built here and there, independent of each other, and without consideration of the effect upon the other lands subject to inundation. The overflow of 1913 gave rise to the organization of the Brazos Valley Improvement Association, and similar associations in eight or nine other river watersheds. The Brazos Valley Improvement Association with the cooperation of the Colorado Valley Association and others was responsible for the creation by the House of Representatives of the National Congress of a standing committee on Flood Control, and the awakening of the federal government to the seriousness of the problem of controlling these forces in their destructive form, and of making them agencies of public advantage. Congress, however, has done little up to this time. The federal government can do little until the people, acting through their state governments invite co-operation and direct the way. It is in the State Legislature that constructive policies of this character must be developed.

"In 1916 the public sentiment had advanced to that point in the consideration of the flood control problem that the late Col. W. W. Seley, as president of the Brazos Valley Improvement Association, invited other associations and individuals in legislation with the power to enact statutes capable of setting in motion all governmental agencies necessary to work out constructive and comprehensive plans for reclamation of the semi-arid lands or lands needing irrigation for agricultural production, in connection with the control of the flood waters that bring destruction to the lower reaches of the river watersheds.

"Legislatures, like men are prone to do the expedient thing. To put off to another day the great task of building solidly on firm foundation. The enactment of legislation that establishes a great constructive State policy of a rare occurrence. The adoption by the people of the conservation and reclamation amendment was the most constructive declaration of public policy since the present constitution. The original

levees policy considered, alone, belonged to the type of expediency legislation. The water conservation and reclamation policy, including flood control and overflow prevention, and in which levee protection has its place as a valuable and integral part belongs to the class of constructive legislation.

"A study of the overflow problem should convince you that flood control in the lower reaches of the river valleys will never prove completely successful through dependence upon limited local and sectional levee construction alone. The streams are crooked; too much land would have to be sacrificed; the expense would prove prohibitive upon the area possible of protection; and the difficulty interested to a meeting in Waco. This meeting resulted in the creation of the Texas Conservation and Reclamation Association of which Col. Seley remained president until his death. (Texas will ever owe a debt of gratitude to W. W. Seley. No more public spirited and unselfish man ever gave his thought, his time and his money for the common good.)

"The Texas Conservation and Reclamation Association, recognizing the limitations of the constitution for flood control and reclamation enterprise, declared for a constitutional amendment that would be broad enough to authorize any form of development work and protective measures that the people might find essential to meet conditions as they might be found to exist; and for authority to invite co-operation from the federal government in reclamation work of all kinds. It was my privilege to assist in the preparation of this amendment and to introduce it in the Legislature and secure its submission to the people in 1917 at an election at which no other amendment was voted upon. This amendment adopted in 1917 known as the conservation and reclamation amendment, was the first declaration by the state of Texas of a great state policy for the conservation of all natural resources, and for their development in the interest of all the people. It is believed the broad provisions of this amendment clothe the ties of working up a continuous system of levees under many independent districts, would require too long and prove too uncertain for dependence. The constructive plan is the economical plan which seeks to conserve as much as may be practicable of the surplus flood waters, and utilize them for the creation of new wealth, the wider distribution of population and production, and the influence exerted in time upon climatic conditions. The state has been committed to a vigorous conservation policy, united flood control water conservation and its use for all beneficial purposes, including irrigation, and the development of cheap power for the use of our towns and industries. This will require authority for large districts, with the state and with the by topographic survey; possessing the powers of governmental agencies; authorized to contract with like districts, with the

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason.

Opportunity again knocks at the door of club members. The State Fair Foreword, June has the following interesting announcement for club members: "Boys and girls of Texas, here is one of the biggest 'sound waves' that is radiating from the State Fair and International Exposition this year, and it is coming straight to you. Get 'in tune' with the State Fair Broadcaster now and see if we haven't a message well worth your time. Listen in! Eight of you, four boys and four girls are to be given a year in one of the finest colleges in the State absolutely free by the State Fair of Texas. All boys and girls club members in the State of Texas are eligible to compete for these scholarships." The scholarships are offered to the four boys who make the best production and records in growing corn, cotton, peanuts and grain sorghums, while the girls' scholarships are offered to the four girls who have the best exhibits and records in first, second, third and fourth year club work. It matters not if you are just beginning your club work or just finishing it, you have an even chance for the scholarships." By these scholarships prizes worthy of the best efforts of any boy and girl in an endeavor to bring about a better agriculture, the State Fair of Texas attests its faith not only in club work but also in our boys and girls, the men and women of a wonderful tomorrow. Brazos county boys and girls ought to line up for these scholarships and the parents and friends of the boys and girls ought to lend encouragement to such laudable undertakings.

Mr. R. R. Reppert, entomologist, Extension Service, A. & M. College of Texas, has the following to say concerning the use of calcium arsenate in boll weevil control: "The Coad Method of poisoning the boll-weevil has been extensively applied in some of the cotton states east of the Mississippi river and in Louisiana. There it has been reported as highly successful. The results so far obtained in Texas, that have come to our attention, have not been sufficiently striking to justify us in urging any farmer to apply it to his entire acreage. We strongly urge persons in different cotton producing sections, however to apply the method on a limited acreage for several years. In this way they and their neighbors may be able to judge for themselves if it may profitably be applied to the entire crops in later years."

Mr. Reppert states that available bulletins for distribution are: The Cotton Boll Weevil Control by Use of Poisoning, Dept. Bulletin No. 875; The Boll Weevil Problem Farmers Bulletin No. 1262; Dusting Machinery for Cotton Boll Weevil Control, Farmers Bulletin No. 1098; Some Rules for Poisoning Cotton Boll Weevil, Dept. Circular No. 162; Recent Experimental Work in Poisoning Cotton Boll Weevil, Dept. Bulletin No. 731.

Some of our leading business men, among them Mr. R. S. Webb, Sr., are of the opinion that the good results obtained from poisoning cotton last year are such as to justify a few demonstrations in poisoning in several communities of this county this year. Mrs. Frank Wilson of Norman, who formerly of this county, stated a few days ago while visiting in Bryan that he obtained good results from poisoning last year, his son doing the work according to the lessons learned at A. & M. College.

Those interested in the project should ask for the bulletins and circulars, etc., mentioned by Mr. Reppert. "Do it right or not at all," says Mr. Coad.

Last Thursday County Agent C. L. Beason and daughter, Miss Elliott, and Miss Laura Belle Roten, Home Demonstration Agent, visited Zack community, the County Agent giving a demonstration in road building and dragging with the Martin Ditcher, while Miss Roten and Miss Mary Locke visited the farm women of the community.

That is what they all say, "Corn has come out wonderfully during the past two weeks." Mr. John Morchhead, an enterprising dairy farmer of the Steep Hollow community, says he has some very fine corn and that his best corn is where he used best selected seed. We hope Mr. Moore head will give us some data on this corn later on at the harvest time, and if the better seed makes the better yield then we shall be glad to pass the information on to some other good farmer, who may be misled into believing that "corn is corn," even at planting time.

Much of the cotton crop of the county is yet in the grass, some not even up, and while there is improvement in cotton as well as in corn, it is a long way from maturity, and the cost to clean some crops if they are ever cleaned out at all, will amount to more than the crop would bring at any price the producer might hope to sell for this year.

Mr. R. W. Persons, assistant state agent in charge of boys' club work, Extension Service returned Tuesday from a trip through the Steep Hollow community with the County Agent, convinced that those people can score high on home gardens. District Agent A. W. Buchanan says that the Steep Hollow people can score high in anything when they want to or try. It is hardly fair to expect too much this year of the farmer, the weather has upset all theory and practice he has known or used these years, but let's keep our faces turned toward the rising sun. A better day will yet dawn for the farmer who keeps up his morale.

We have been told that tons of precious nitrogen are held in the air about us and that the lowly pea, or legume, could reach up, as it were, and snatch it from the air and de-

posit it in a nitrogenous soil. Now the radioist demonstrates to us that the air above our heads is filled with story, music and eloquence par excellence and that we only have to tap this fountain to know what is going on the world over. Wonderful what the mind of man has done, yea, more wonderful still is we believe what the mind of man will unfold to the world in the future. Progress is the key note of this age and the 'sound waves' are extending to the realm of agriculture. Farmers are 'listening in' to the standard melody of the song of the purebred sow, to the howl of the purebred cattle, both dairy and beef types to the awakening of land reclamation and soil building, to the rotation of crops to better homes with more conveniences, to better roads and better schools, to everything that is conducive to a more profitable agriculture and a happier life on the farm, or as the club members would have it, to the training of Head, Heart, Hand and Health. What manner of man would want to hinder endeavor like this?

At the poultry meeting on Monday night, Mr. P. W. Kazmeier stated that one man had, in 1921, \$3,500 on 700 standard bred hens of the laying type. Every one might not do as well as did this poultry raiser, but 100 standard bred hens on every Brazos county farm would pay expenses, furnish a lot of wholesome food for the family, and help pay many of the incidental expenses of the farm.

Following is a partial program for the county-wide sunset club meeting to be held at the home of County Agent C. L. Beason on Saturday, June 24. Miss Laura B. Roten and Mrs. M. M. Daugherty will be directors of games; K. Kelley and J. L. Green will be directors of music, and Prof. Gabe Cazell will be director of songs. 1. Song America. 2. Music, by the Orchestra. 3. Purposes of the Meeting, County Agent C. L. Beason. 4. Songs, led by Mr. Cazell. 5. Song contest, each club making its own selection of song. 6. Game contests, directed by Miss Roten and Mrs. Daugherty. 7. Lesson in judging dairy cattle, conducted by Paul Boriskie, club member from the College Consolidated School club. 8. Music by Orchestra. 9. Yell contest, all club competing. 10. Good night song. Other things will appear on the program from time to time causing laughter, leave to the point of 'screams,' leave home in time to reach the meeting promptly at sunset. Bring your Pa and Ma with you. Don't miss this great meeting!

PERSONAL MENTION

WEDNESDAY, JUNE 14, 1922.

Dr. Hiram T. Coulter arrived yesterday afternoon from Rockdale to be with his sister Mrs. W. F. Hoppess. Mr. and Mrs. R. H. Wyche and children have returned from a pleasant vacation visit of two weeks with relatives and friends at Reisel.

Mrs. O. E. Ford returned yesterday from a visit to her mother, Mrs. J. A. Cooper at Willis. Coulter Hoppess who accompanied Mrs. Ford to Willis on the visit was called home on account of the serious condition of his mother, Mrs. W. F. Hoppess, who was injured in an automobile accident Tuesday morning.

Mrs. A. S. Denman of Beaumont arrived today noon on a visit to her parents, Mr. and Mrs. W. R. Sanders. Mrs. E. Pierpont of New Orleans, a sister of Mrs. J. T. Lawler arrived yesterday for a visit in the Lawler home on College Road.

Mr. and Mrs. John Gurley and children motored to Bryan this morning from their ranch home in the Kurten community on a shopping trip.

Miss Bertie Suber, who has been a teacher in the schools at Rosebud, Texas, has returned to her home in this city to spend the vacation days with her mother, Mrs. J. H. Suber and family.

Miss Floy Martin of Navasota who has been the guest of Mrs. Forest Jones on East 27th Street for the last week, has returned to her home.

Miss Mary Locke of Tabor was among the shoppers in the city today. Mrs. Frank L. Webb and son Frank Jr., went to Beaumont today for a week's visit with relatives and friends. They were accompanied by Frank Baine son of Mr. and Mrs. E. P. Baine who will enjoy the visit with them.

John M. Lawrence is able to be at business again today.

Mrs. T. W. Parker of San Angelo who has been here on a visit to Mrs. M. J. Parker and Miss Ida Parker Houston before returning to her home.

Mr. and Mrs. J. W. Thompson and son, Brooks, and W. E. Thompson of Edge were in Bryan today.

Mrs. Chas. Claydon of Nornangee is seriously ill at the home of her daughter, Mrs. George Henry of Tabor. Mrs. Claydon has many friends in Bryan who will regret to hear of her illness.

Mr. and Mrs. Albert Higgs of Rye were in Bryan today.

Mrs. R. Q. Astin and children, Nina Bess and Daisy Caroline left today for a visit to her parent in McKinney.

The many friends of Mrs. Tom Spell will regret to learn of her very serious illness at her home on East 26th Street. Her condition has been very unfavorable for the past several days.

Mrs. Forest Jones will entertain the Thursday club tomorrow morning at 9:30 o'clock at her home.

Mrs. Ed. Rychlik and little son, Elbert have returned from Houston after visiting her sister Mrs. L. White.

Mr. and Mrs. M. M. Erskine left today for a two week's vacation in Marlin and Morgan.

THE STATE OF TEXAS

To the Sheriff or any constable of Brazos county: Greetings: You are hereby commanded to summon James Hope and the unknown heirs of James Hope, Eleanor Roberts and the unknown heirs of Eleanor Roberts, John P. Coles and the unknown heirs of John P. Coles, John M. Coles and the unknown heirs of John M. Coles, Stephan F. Austin and the unknown heirs of Stephan F. Austin and James F. Perry, whose residences are unknown and the names and residences of the unknown heirs being unknown, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Brazos county to be held at the court house thereof in Bryan on the third Monday in September, A. D. 1922, same being the 18th day of September, A. D. 1922, then and there to answer a petition filed in said court on the 27th day of May, A. D. 1922, in a suit numbered on the docket of said court No. 9093, wherein John Melcer is plaintiff and James Hope and the unknown heirs of James Hope, Eleanor Roberts and the unknown heirs of Eleanor Roberts, John P. Coles, and the unknown heirs of John P. Coles, John M. Coles and the unknown heirs of John M. Coles, Stephan F. Austin and the unknown heirs of Stephan F. Austin and James F. Perry as executor of Stephan F. Austin, deceased, are defendants, the cause of action alleged in said petition being as follows: That the plaintiff is the owner and in possession of a certain tract of land in Brazos county, Texas described as follows, to-wit: All that certain tract or parcel of land lying and being situated in the James Hope League in Brazos county Texas, and being a part of a 599 47-100 acre tract conveyed to Joe Gelber and B. Kaczer in Cause No. 6315 of the Civil Docket of the District Court of Brazos county, Texas, entitled William Koppe vs. Joe Gelber, B. Kaczer and Joe Grodzinski, which decree was rendered at the September term, A. D. 1913 of said court and is recorded in the Civil Minutes of said Court in Volume M, pages 137 and 138, to which reference is here made, and said tract of land hereby conveyed being further described by metes and bounds as follows, to-wit: Beginning at the northwest corner of said 599 47-100 acre tract a stake set in the mouth of a gully where same enters the Brazos river (on east side of said river) which is the user corner of a 150 acre tract conveyed to William Koppe Sr., by deed dated and recorded in Deed Records of Brazos county, Texas, in Volume 10, page 448; Thence up said gully with its meanders as follows: N. 46 1-2 E. 18 55 varas; N. 17 1-2 S. 66 varas; N. 58 55 varas; N. 86 E. 132 varas and corner a P. O. 12 ins. in dia. on the south bank of said gully for corner; Thence S. 26 E. 466 varas and corner, a post for corner; Thence N. 76 E. 150 varas and corner, a rock for corner; Thence N. 46 E. 425 varas and corner, a stake set in the center of the Bryan and Koppe Bridge Road, from which a B. J. 14 ins. in dia. marked X hrs. S. 70 E. 80 varas, which is the most northern corner of said 599 47-100 acre tract; Thence along the center of said Bryan and Koppe Bridge Road as follows: S. 10 E. 310 varas; S. 24 W. 234 varas; S. 10 E. 88 varas; S. 12 E. 188 varas; E. 5 E. 121 varas; S. 9 W. 111 varas; S. 15 1-2 E. 274 varas; S. 20 W. 45 varas and corner a P. O. 18 ins. in dia. marked X on west side of said road for corner; Thence west 413 varas and corner on the East side of said Brazos river, an Ash 14 ins. in dia. hrs. N. 45 E. 2 varas (marked X); Thence up said river with its meanderings to the place of beginning, containing One Hundred and Forty six and one-half (146 1-2) acres of land, more or less. That the plaintiff and those under whom he claims title have had and held peaceable and adverse possession of said above described tract of land for more than ten (10) years using, occupying, enjoying and cultivating the same and have good title hereto by virtue of the State of Texas statute of limitation of the State of Texas. That plaintiff and those under whom he claims have had and held quiet, peaceable and adverse possession of said above described tract of land, holding the same under a deed and deeds duly recorded, and paying all taxes thereon as the same accrued and using, occupying, enjoying and cultivating the same for a period of more than five (5) years continuously next preceding the institution of this suit and that plaintiff has title to said lands under and by virtue of the five years' statutes of limitation of the State of Texas. That the nature of the adverse claims of the defendants to said property insofar as the same are known to plaintiff are as follows: (1) Said property was granted by the Mexican government to James Hope that in truth and in fact said James Hope duly conveyed said lands to those under whom plaintiff claims title, but there is no proper record of such conveyances in Brazos county, Texas, and the original conveyances are not available to the plaintiff and said facts constitute a cloud upon plaintiff's title to said land. (2) Said Eleanor Roberts acquired title to said tract of land under virtue of a partition between herself and other parties who had acquired other portions of said survey from the said James Hope. There is no conveyance of record which affords legal proof as to who the heirs of said Eleanor Roberts were, although as a matter of fact plaintiff claims through conveyances from persons who he alleges to be the heirs of the said Eleanor Roberts: that said facts constitute a cloud upon plaintiff's title to said property. (3) James F. Perry as executor of Stephan F. Austin, deceased recovered a judgment for a portion of said above described lands and thereafter conveyed the same to A. B. Shelburne and wife, E. M. Shelburne, as did also the other owners of said land hereinbefore described. The conveyances, however to said A. B. Shelburne, are not of record in Brazos county, Texas, and said facts constitute a cloud upon plaintiff's title to said property, which said facts consti-

BRYAN EASTERN STAR INSTALLED NEWLY ELECTED OFFICERS

Bryan chapter No. 222, Order of the Eastern Star, installed the new officers Monday at 8 p. m. o'clock at the Masonic Temple in a beautiful installation service. Under the direction of Mrs. R. M. Sherwood, the chapter room was fittingly and artistically decorated in flowers revealing the blue, yellow white green and red colors that mean so much to the Eastern Star membership, making an appropriate setting for the impressive service. Mrs. George Smart acted as marshal and Mrs. J. M. Dunn, presiding officer. Those installed were Mrs. Lee J. Rountree, worthy matron; H. E. Randolph, worthy patron; Mrs. A. J. Buchanan, associate matron; Mrs. H. H. Prager, conductress; Mrs. M. M. Erskine, secretary; M. M. Erskine, treasurer; Mrs. A. K. Brown, marshal; Mrs. W. A. Duncan, organist; Mrs. Rosa Steubenrauch, chaplain; Dr. E. W. Price, sentinel; Mrs. F. E. Lichte, warder; Mrs. M. R. Bentley, Adah; Mrs. J. B. Priddy Ruth; Mrs. J. L. Brock, Esther; Mrs. A. D. Graham, Martha; Mrs. M. R. Phillips, Electra. Preceding the installation, Mrs. A. J. Buchanan in expressive and appropriate words on behalf of the membership presented the retiring acting worthy matron Mrs. John Hunt, a beautiful cut glass flower basket filled with La France roses as an expression of their appreciation for her faithful and efficient service. Mrs. George Smart also brought to her love's offering in a box of delicious Ness berries. Worthy matron Mrs. Lee J. Rountree, in taking the chair pledged to the chapter her best service. She was beautifully remembered with a sheath bouquet of flowers, presented by Mrs. A. K. Brown and also a box of berries, gifts from the chapter.

The following committee were appointed by the chair to serve the ensuing year: Decoration: Mrs. R. M. Sherwood; flowers and visitings: Mrs. E. W. Price; refreshments: Mrs. Paul Dansby, Mrs. John Hunt, Mrs. Forest Jones, Mrs. George Smart, Mrs. R. M. Walker, Mrs. H. O. Ferguson, Mrs. J. M. Reed, and Mrs. Henry L. Locke. House committee: Mrs. H. E. Randolph, Entertainment: J. D. Martin and Mrs. J. M. Dunn. As an after math to the installation ceremony a social hour was enjoyed in the parlors of the lodge rooms and a pineapple ice a la tea with chicken sandwiches was served by the committee in charge: Mrs. M. M. Erskine, Mrs. J. L. Brock and Mrs. Ben Marwell.

SOME IMMENSE FIGS

County Agent C. L. Beason had on exhibition at the Eagle office Saturday morning some immense figs raised by John Kopecky, of the Rye neighborhood. The figs measured 8 1-2 inches in circumference and were as fine as ever grown, demonstrating that Brazos county is one of the world's garden spots.

Mrs. Rob Hill who is here on a visit to her parents, Mr. and Mrs. Guy P. Bittle, was hostess for a luncheon at the Green Parrot Tea Room this morning. Covers were laid for Mrs. E. M. King, Mrs. Rob Hill, Mrs. A. L. Darnell and Mrs. Hiram Downard.

MRS. HOWELL IMPROVING

A telephone message from Mr. R. W. Howell in Galveston to Mrs. Glenn Flinn this morning brings the good news that Mrs. Howell is improving rapidly and he hopes to be home soon. At present Mrs. Howell is in St. Mary's Infirmary, Galveston, where her friends may reach her by letter.

WIRE EXPERT

BACK AT WORK FEELING FINE

Electrician Couldn't Hit a Lick For Three Months But Tanlac Completely Rid Him Of Stubborn Stomach Tanlac.

"I have gained several pounds and am back on the job every day feeling fine," said Clarence L. Silvers, 3938 Evan St., St. Louis, Mo., electrician for the Western Union Telegraph Co. "Indigestion troubled me for years and my food seemed to lodge like lead in my stomach. There was a pressure of gas around my heart that almost cut off my breath. My head ached nearly all the time and I would get so dizzy I couldn't stand up without holding onto something. I finally got in such a bad fix that I couldn't hit a lick of work for three months."

"Tanlac soon put an edge on my appetite and then my stomach trouble commenced to lose its grip. Now I never feel a touch of indigestion headache, dizziness, or my old nervousness. Tanlac is certainly great."

Tanlac is sold by all good druggists

tute a cloud upon the title of plaintiff to said lands. That by reason of the premises plaintiff is entitled to have judgment against said defendants, if living, and against their unknown heirs, if they are dead, for the title and possession of said above described lands, and removing said clouds upon his title and quieting him in his title thereto. Premises considered Plaintiff prays that defendants be cited by publication as provided by law and that upon hearing he have judgment for the title and possession of said land and removing said clouds upon the title thereto and quieting him in his possession and title thereto, and for such other and further relief, general and special that he may be entitled to, either by law or in equity. Witness: J. W. BARRON Clerk of the District Court of Brazos county, Texas. Given under my hand and seal of said court at office in Bryan, this 27th day of May, A. D. 1922. J. W. BARRON, Clerk of the District Court of Brazos county, Texas.

Brazos River Reclamation Association Meeting at Bryan

(By C. B. Gillespie in Texas Commercial News).

There were four outstanding events at the gathering of the Brazos River Reclamation Association held at Bryan Tuesday of this week. First—The organization was expanded to take in all counties drained by the watershed of the Brazos, which territory, according to figures by Engineer Arthur A. Stiles, chief of the state reclamation service, makes up 47,000 square miles of territory, or roughly, one-sixth of the area of Texas.

Second—An address by Hon. Leonard Tillotson of Sealy, author of the reclamation and drainage amendment to the constitution of the State, adopted in August, 1917.

Third—An address by A. H. Dunlap, which, for the first time, outlines the Brazos river watershed from the standpoint of the number and locations of dams and reservoirs necessary to utilize the surplus waters of that eccentric stream.

Fourth—An address by C. E. Elsworth, district engineer of the United States Geological Survey, water resources branch, co-operating with the State Board of Water Engineers at Austin, Texas. This address gave details of a record-breaking event in the September floods of last year, when Little river at Cameron, from a watershed area of 7,010 square miles, discharged its water at the rate of 647,000 cubic feet per square mile each second. Mr. Elsworth stated that nothing in the U. S. records from so large an area approximated these figures. Furthermore, Mr. Elsworth stated that observations made at College Station for fifty-seven days during the March period this year showed the passing of 7,780,000 acre-feet of water, or about the average annual discharge by that stream. The Elsworth figures on surveys made last September show the following:

Little River, at junction of the Llano and Lampasas, district area in square miles 5,330; maximum discharge cubic feet per second 331,000; per square mile of territory per second 62.5 cubic feet.

Little river at Cameron, district area in square miles 7,010; maximum discharge cubic feet per second, 647,000; per square mile of territory per second 92.3 cubic feet.

Salado river, near Salado, district area 143 square miles; maximum discharge cubic feet per second 143,000; per square mile of territory per second, 966 cubic feet.

San Gabriel river, Georgetown, district area 431 miles; maximum discharge cubic feet per second, 160,000; per square mile of territory per second, 371 cubic feet.

Bruny creek, Round Rock, district area in square miles 74.7; maximum discharge cubic feet per second, 34,500; per square mile of territory, 462 cubic feet.

Association Territory Enlarged.

The Brazos River Reclamation Association has been marked by phenomenal growth. It began in a very modest way at a meeting held at Hearne last September, following the floods of that time. E. H. Astin, Lee J. Rountree and John M. Lawrence of Bryan originated the movement. The Hearne meeting appointed a committee which called on Governor Neff, and laid the flood emergency before him as the paramount need of the state. The governor agreed with this view and promised, if the legislature was called in special session in January, to submit the issue of flood relief. However, the special legislative session was not called. The second meeting of the association was held at Bryan on May 15th, following the still more disastrous floods of the April-May period. This meeting was called by the originators, Messrs. Astin, Rountree and Lawrence, who never ceased until all the government agencies were interested in the problem. There were six counties represented at this meeting.

At the third meeting held on Tuesday at Bryan, the association, by resolution, was expanded to include the following counties: Brazoria, Fort Bend, Waller, Austin, Washington, Grimes, Brazos, Burleson, Robertson, Milam, Lee, Williamson, Travis, Bell, Falls, Limestone, Hill, McLennan, Wharton, Bosque, Coryell, Lampasas, Burnet, Mills, Hamilton, Comanche, Erath, Hood, Somerville, Parker, Palo Pinto, Stephens, Eastland, Brown and Young.

Each of these counties will be represented by a member of the advisory committee who will also serve as a vice president of the association. Other details of organization as outlined by the organization committee, consisting of Leonard Tillotson, E. H. Astin, Lee J. Rountree and Ward Tempelman, include an executive committee of seven members, which Chairman Lawrence is to name. This committee is to formulate the policy and draw the by-laws of the organization, which shall govern until the next meeting.

The association by resolution endorsed and urged early passage of House Bill 11740 by Congressman Tom Connally of Marlin, providing for a preliminary examination of the Brazos river with a view to controlling its overflows.

Some Convention Details.

When the convention opened John M. Lawrence, president, Representative Lee J. Rountree by request of the chairman, outlined the purposes of the organization in concise and convincing fashion, detailing the preliminary steps already taken. A. D. Jackson, secretary of the association read a report of the May 15th meeting, as given in Texas Commercial News, as the official minutes of that gathering. The secretary read a large number of letters, and telegrams endorsing the movement. One from Porter Whaley, president of the West Texas Chamber of Commerce, attracted much attention. Whaley's telegram stated that a state-wide Flood Irrigation Congress will be held at Waco, at a date not yet announced.

The secretary outlined a letter sent to Dr. B. F. Bunnemeyer, in charge of the U. S. Weather Bureau in Houston, wherein data was requested as to what extent overflows are increasing as rainfall increases along the headwaters of the river by reason of increasing the cultivated area. On this point O. E. Seicke, state forester stated that the clearing away of trees and underbrush has a tendency to increase floods.

Leonard Tillotson, known as the

coast county, therefore, levees will have to be depended upon. He said, discouragements thus far had been largely due to a failure to realize the importance of fundamental data on the maximum and minimum and variable flows of streams which can only be secured by careful measurements. How adequate the present machinery of the State is in this regard, may be gauged by the statement that there is only one man in the field. This man, warned of a flood, can reach South Texas points in time to set up his machinery but floods in the headwaters of Texas rivers have come and gone before he can possibly arrive on the scene.

Others to address the gathering during the morning and afternoon sessions were: E. G. Goforth and Horace Booth of the International and Great Northern; C. B. Gillespie of the Sugar Land railroad; and J. R. Astin, former state senator.

There was some additional room for oratory at the luncheon, which the Bryan Rotary club gave complimentary to the visitors at the Green Parrot Tea Room where Representative Lee J. Rountree presided as toast master and where Rotary songs were led by Rector S. Moylan Bird, for seventeen years pastor of St. Mary's Episcopal church in Brenham. These songs are entitled to go down in the minutes of the meeting as the real events of the gathering, along with a number of selections by a wonderful quartette from Sam Houston Normal.

Attendance at the luncheon included: Harry Slabotsky, division engineer H. & T. C. railway of Ennis; State Reclamation Engineer Arthur A. Stiles; A. M. Dunlap, member State Board of Water Engineers; C. D. Waide, staff correspondent Houston Chronicle; C. E. Elsworth, United States Geological Survey of Austin; G. L. Marick, assistant engineer, Santa Fe railway of Galveston; C. B. Gillespie, vice president Sugar Land railway of Sugar Land; A. Jackson secretary Brazos River Reclamation Association, of College Station; T. G. Goodwin, Major L. L. McNis, J. M. Gordon Major W. R. Cavitt, J. Webb Howell, Allen Carr, W. S. Higgs, City Manager E. E. McAdams, John F. Little Prof. R. O. Allen, Hon. F. L. Henderson, Paul Wipprecht, Lee J. Rountree, E. H. Astin, George Foster, John M. Lawrence, president Brazos River Reclamation Association; W. W. Cole, president Chamber of Commerce all of Bryan; B. W. Beckham F. L. Wood, M. P. Crum, Dr. W. H. Cummings, W. E. Astin of Hearne; H. R. Herndon, Dallas; R. E. Bosque Raleigh N. C.; E. G. Goforth, general manager I. & G. N. railway; F. S. Schunick, chief engineer, I. & G. N. railway; Horace Booth, traffic manager I. & G. N. railway; S. E. Lowe, editor of Examiner-Review, Navasota; J. R. Astin of Mumford; Leonard Tillotson of Sealy; Fred A. Brock of Angleton; Sam Field Guy Townsend, and Scott Field, Jr., of Calvert; M. R. Bentley, Dean J. C. Nagle Daniel Scoates, W. B. Lanham, Dr. W. B. Bizzell of A. & M. College.

A feature of the luncheon was a toast response by Dr. W. B. Bizzell, president of A. & M. College who told of the "tragedies of the Brazos" saying that as a small boy he was constantly depressed alternately by death, and then by fear of flood in case of rain.

Just a Glimpse of Bryan

No mention of Bryan would be measurably complete without at least a few words concerning the Bryan Chamber of Commerce, of which W. H. Cole is president and S. E. Eberstadt secretary. The motto of this organization is "Remember that the devil lived in heaven until he began knocking his own home town." The Bryan Chamber of Commerce is doing things which organizations in the larger cities might well undertake. For instance there are twenty-five directors; and the average attendance on weekly meetings for the past five years has been twenty. For the past five years the only weekly meetings missed have been those cancelled on account of Christmas holidays. But the Bryan Chamber of Commerce is entitled to a page, not a paragraph, and will be handled separately and subsequently.

Mrs. Royal of Saint Louis, formerly Miss Erin Blatherwick of Bryan arrived yesterday for a visit to her sister, Mrs. J. Tom Smith and family and other relatives and friends in this her old home.
